President's Award 2004: Reno Boilard

I have been honored once more by our very dedicated club President in awarding me this prestigious award. I am embarrassed a bit for being singled out amongst many of my colleagues on the executive board who are also deserving of recognition.

I salute all our coaches and team managers for their contributions to the cause of the Windsor F.C. Nationals.

I am encouraged by the increase exposure of the F.C. Nationals in our community. I enjoy attending games where our young lads demonstrate their skills with good sportsmanship. These experiences will certainly benefit them in their future leadership roles - be it in soccer, sports, or community involvement.

President's Award
